

Vehicles for Construction Workers

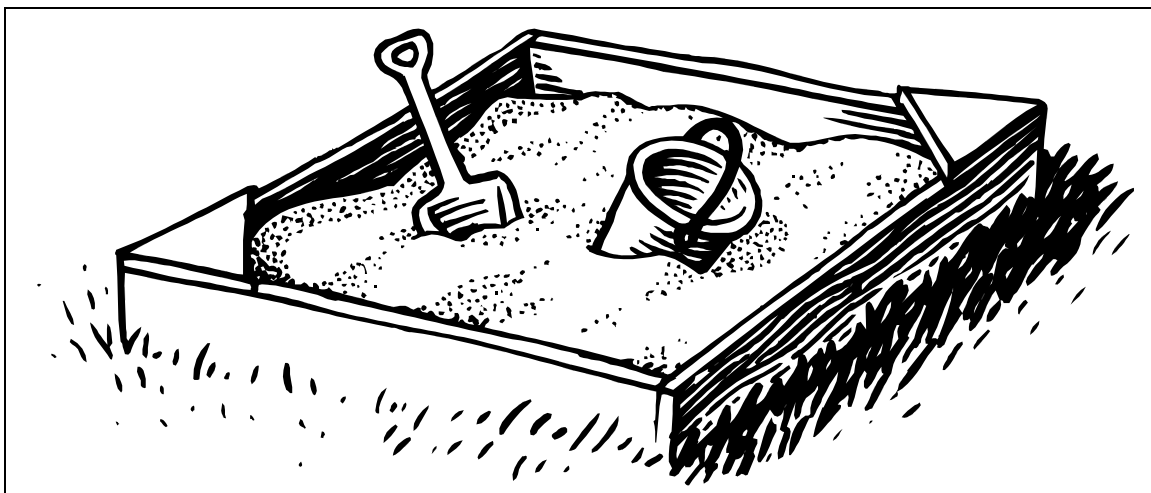

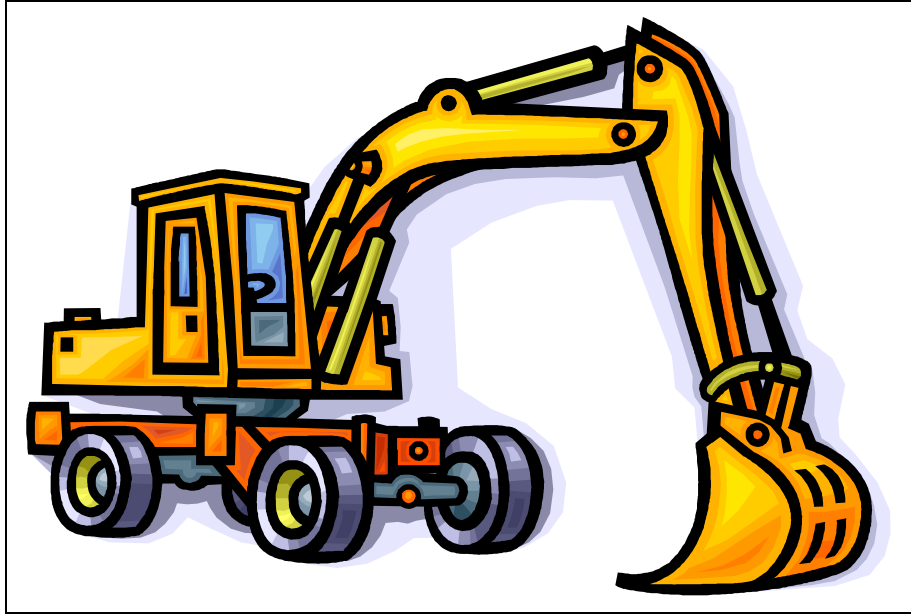

I'd like to drive a cement truck.
I'd mix cement to make a sidewalk
in my neighborhood. I'd ride my
tricycle on the sidewalk.

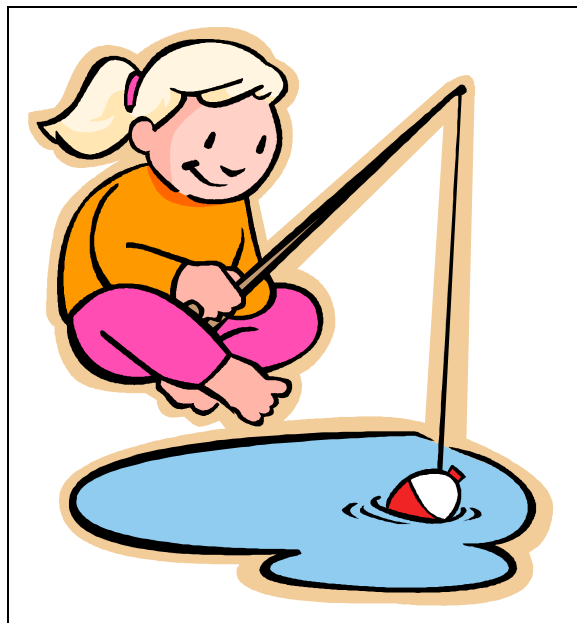

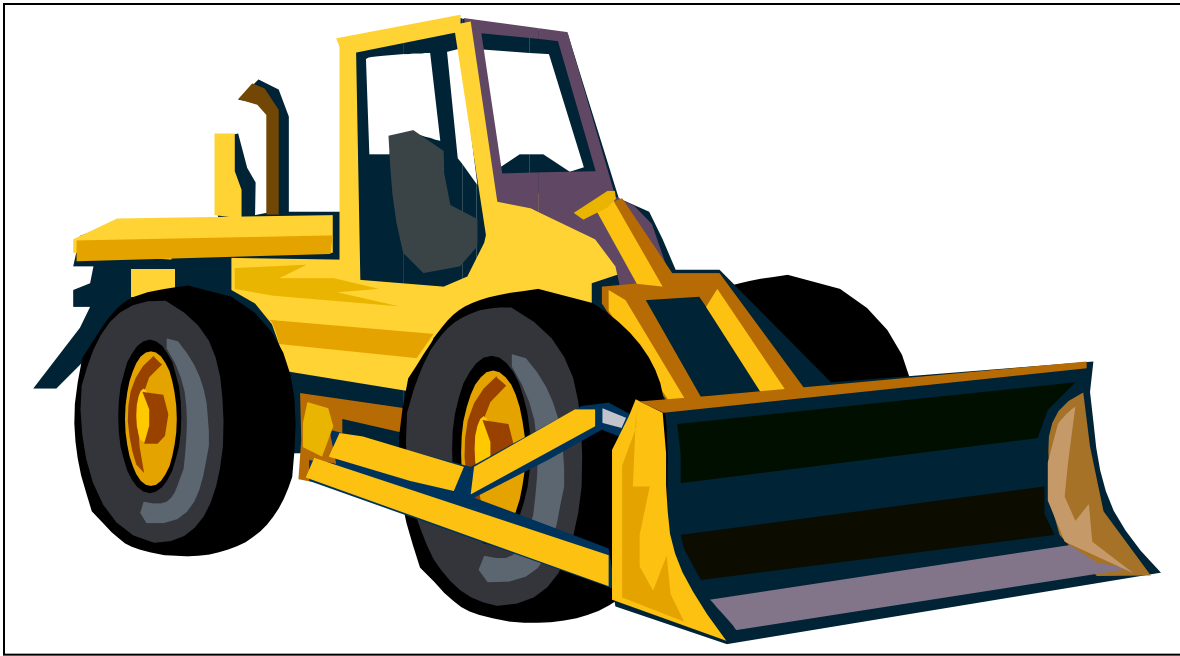

I'd like to drive a dump truck. I'd haul sand and dump it in a sandbox. I'd build roads in the sandbox.

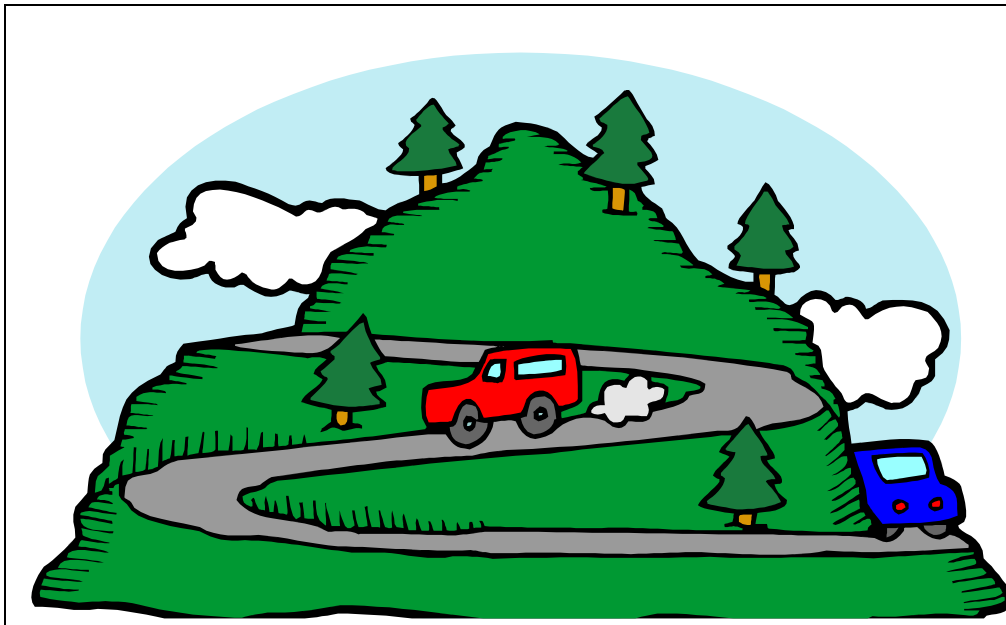

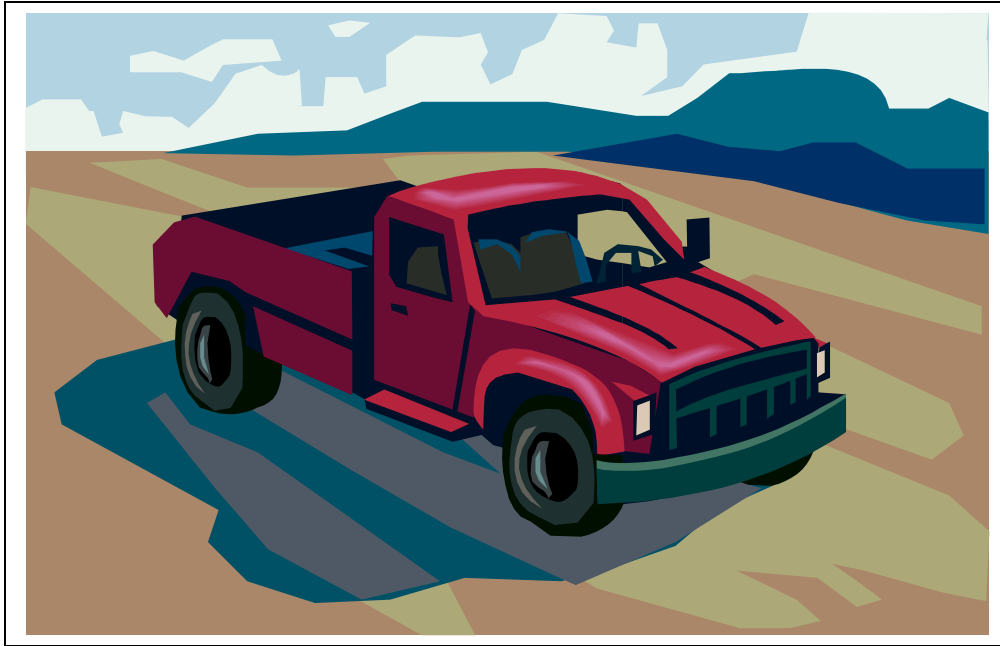

I'd like to drive a backhoe. I'd dig a big hole and make a pond. I'd go fishing in the pond.

I'd like to drive a bulldozer. I'd
move the dirt to build a new road.
I'd ride in a car on the new road.

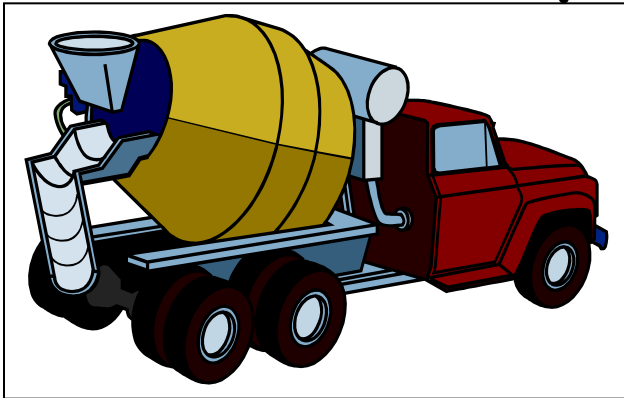

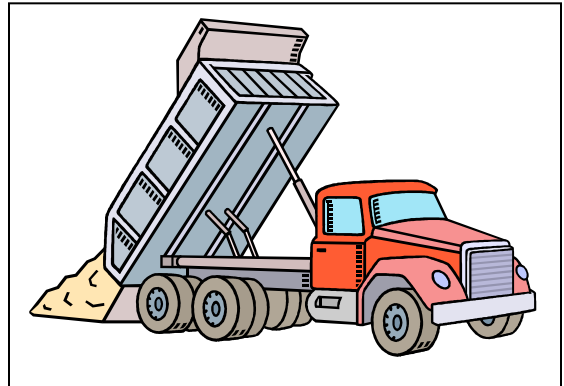

I'd like to drive a red pickup truck. I'd haul my ladder, my hammer and my saw in the back of the truck. I'd build a bird house and hang it in a tree.

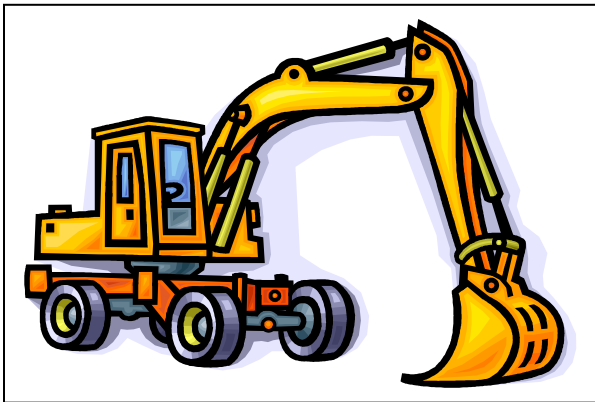

Which would you like to drive?

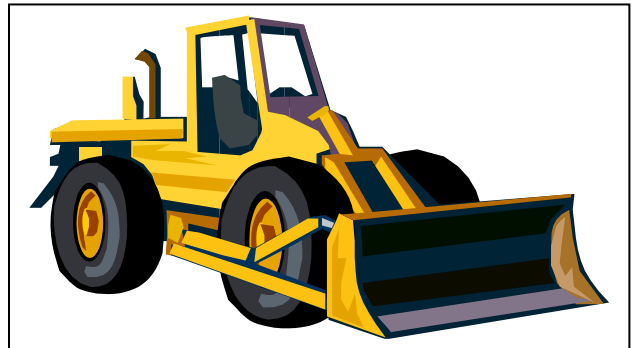

A cement truck

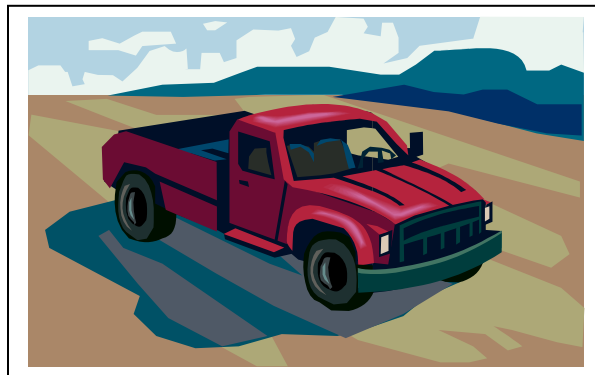

A dump truck

A backhoe

A bulldozer

A red pickup truck

I'd like to drive them all.
