A SPECIAL NOTE FROM DAWN JEFFREY

Dear Parents and Families,

Many families are struggling to find child care so that parents can work to earn an income or provide important services. This letter is to caution you. Please do not choose your child care provider based on social media.

SAFETY & HEALTH: When choosing child care, the most important thing is to ensure the safety and health of your children. Before you choose child care, ask these questions:

- Is this home or child care facility licensed by DHS?
- Have background checks been done on every person caring for children in this facility?
- Is the facility clean? Is it safe?
- How many children is each adult caring for at the home or facility?
- How many people are in the home or facility, including children?

Right now, the CDC recommends no more than 10 people be in a child care home.

THE BOTTOM LINE: LICENSING MATTERS. Every child care provider who cares for more than five (5) children who are not related and is open more than 5 hours a day or 10 hours per week, **MUST be licensed and inspected by DHS Division of Child Care & Early Childhood Education.** Among other things, licensing ensures the safety and health of children who are under the care of someone other than their parents.

Visit ARBetterBeginnings.com and click the Find Child Care icon at the bottom of the homepage to find out if a child care provider is licensed.

Sincerely,

Dawn Jeffrey

Dawn Jeffrey M.S. E.

Division of Early Child Care and Early Childhood Education

Program Manager for Better Beginnings

What is *Better Beginnings*?

Visit our website to find out.

Follow us on social media.

Better Beginnings is Arkansas's quality rating improvement system for child care, early education and school-age programs that have gone above and beyond the state minimum requirements. Better Beginnings is administered by the Arkansas Department of Human Services Division of Child Care and Early Childhood Education.
