

The Snowy Day
by Ezra Jack Keats

1. Run copies on cardstock (index paper or tagboard).
2. Color pieces with markers, color pencils (may not be as bright), pastels, or paint, (crayons may melt when laminated).
3. When putting two large pieces together, use a glue stick to prevent pieces from wrinkling when laminating.
4. Laminate story objects. You may cut pieces before or after laminating.
5. Attach velcro dots or pieces to back of each object.

Tip: Make an outline story card to use when telling the story.

Remember patterns are not to be used for children's art projects!

Patterns may be use for teacher made puppets which children can use for story retelling. Patterns may be enlarged if preferred.

Activities:

1. Let the children tell you things you can do in cold weather. List these on a chart and let the children illustrate them.
2. Draw winter scenes with white chalk on blue paper.
3. Add ice (ice from Sonic® works great) to your sensory table.

Snowflakes - just color the background blue or violet and cut them out in circles.
