

(Special Directions for "Old Mother Hubbard": The cupboard was made so the lines of the doors can be cut all the way around, except for the hinges, so the doors will open.

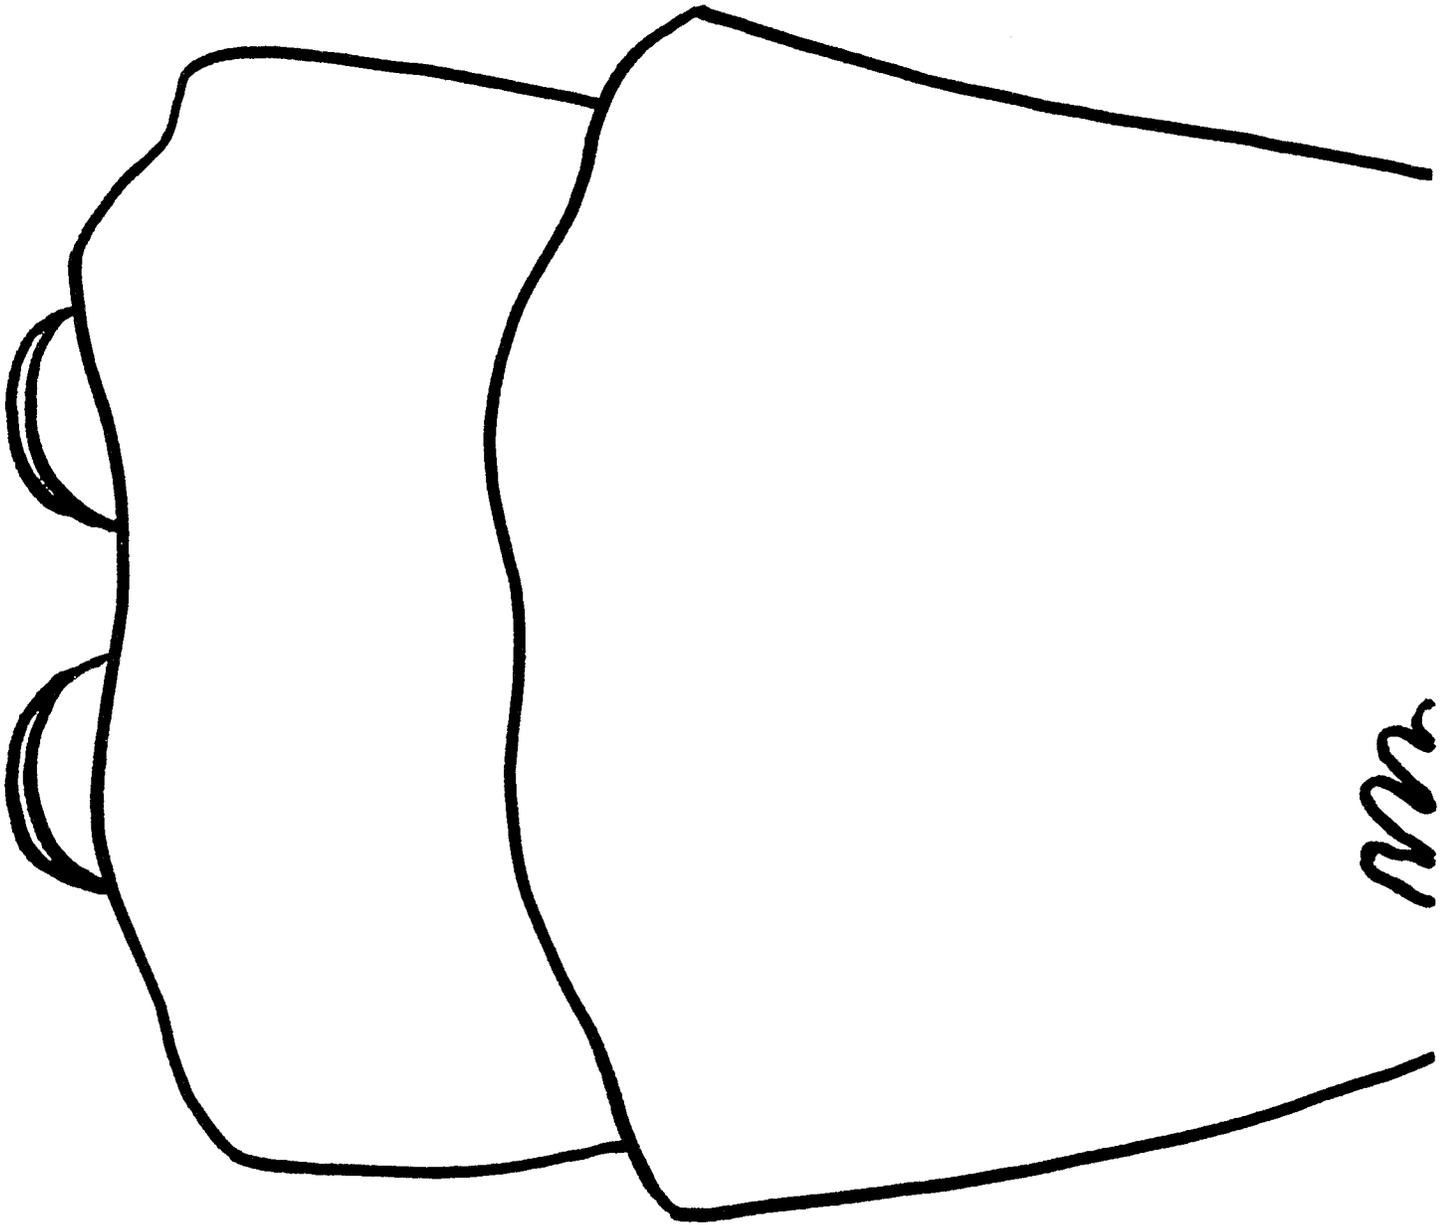

Glue the shelf part on to the back. Duplicating two cabinets can make a tall cabinet.

Leave the bottom tab on the top one, turn the other one upside down and glue it to the tab space. Leave the shelves right side up.)

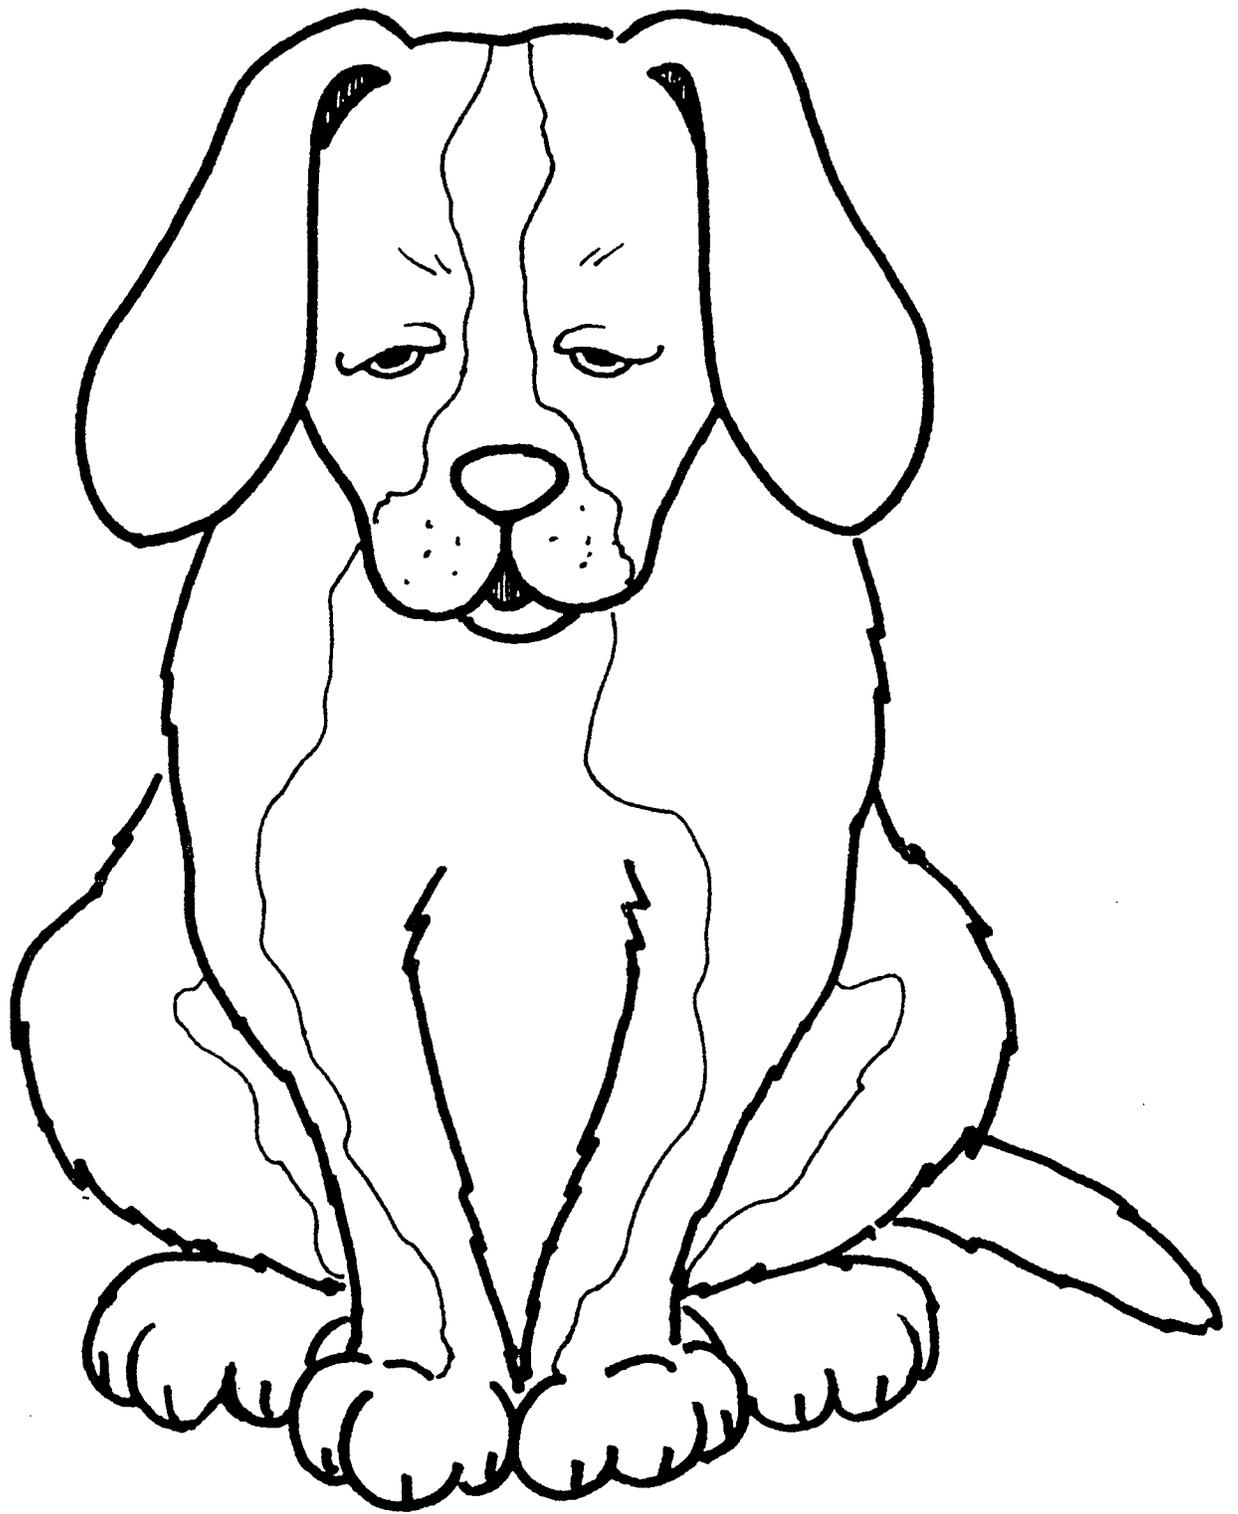

Old Mother Hubbard

**Old Mother Hubbard
Went to the cupboard,
To fetch her poor dog a bone;
But when she got there
The cupboard was bare
And so the poor dog had none.**
