1. Run copies on cardstock (index paper or tagboard).
2. Color pieces with markers, color pencils (may not be as bright), pastels, or paint, (crayons may melt when laminated).
3. When putting two large pieces together, use a glue stick to prevent pieces from wrinkling when laminating.
4. Laminate story objects. You may cut pieces before or after laminating.
5. Attach velcro dots or pieces to back of each object.

Tip: Make an outline story card to use when telling the story.

Remember patterns are not to be used for children's art projects!

Patterns may be use for teacher made puppets which children can use for story retelling. Patterns may be enlarged if preferred.

Activities:

1. Tell the story using pictures of characters on appropriate size cans.
2. Add plastic animals to your block center for children to use to retell the story.
3. Play "guess the animal" by giving clues describing an animal until someone guesses.
