Pumpkin Pumpkin
by Jeanne Titherington

1. Run copies on cardstock (index paper or tagboard).

2. Color pieces with markers, color pencils (may not be as bright), pastels, or paint, (crayons may melt when laminated).

3. When putting two large pieces together, use a glue stick to prevent pieces from wrinkling when laminating.

4. Laminate story objects. You may cut pieces before or after laminating.

5. Attach velcro dots or pieces to back of each object.

Tip: Make an outline story card to use when telling the story.

Remember patterns are not to be used for children's art projects!

Patterns may be use for teacher made puppets which children can use for story retelling. Patterns may be enlarged if preferred.

Activities:
1. Explore a pumpkin: taste, count seeds, create pictures with seeds..
2. Use several pumpkins and let children put them in order from smallest to largest and measure the height of the pumpkins using small blocks.
3. Taste pumpkin seeds, pumpkin pie, bread, etc.
