Silly Sally
by Audrey Wood

1. Run copies on cardstock (index paper or tagboard).

2. Color pieces with markers, color pencils (may not be as bright), pastels, or paint, (crayons may melt when laminated).

3. When putting two large pieces together, use a glue stick to prevent pieces from wrinkling when laminating.

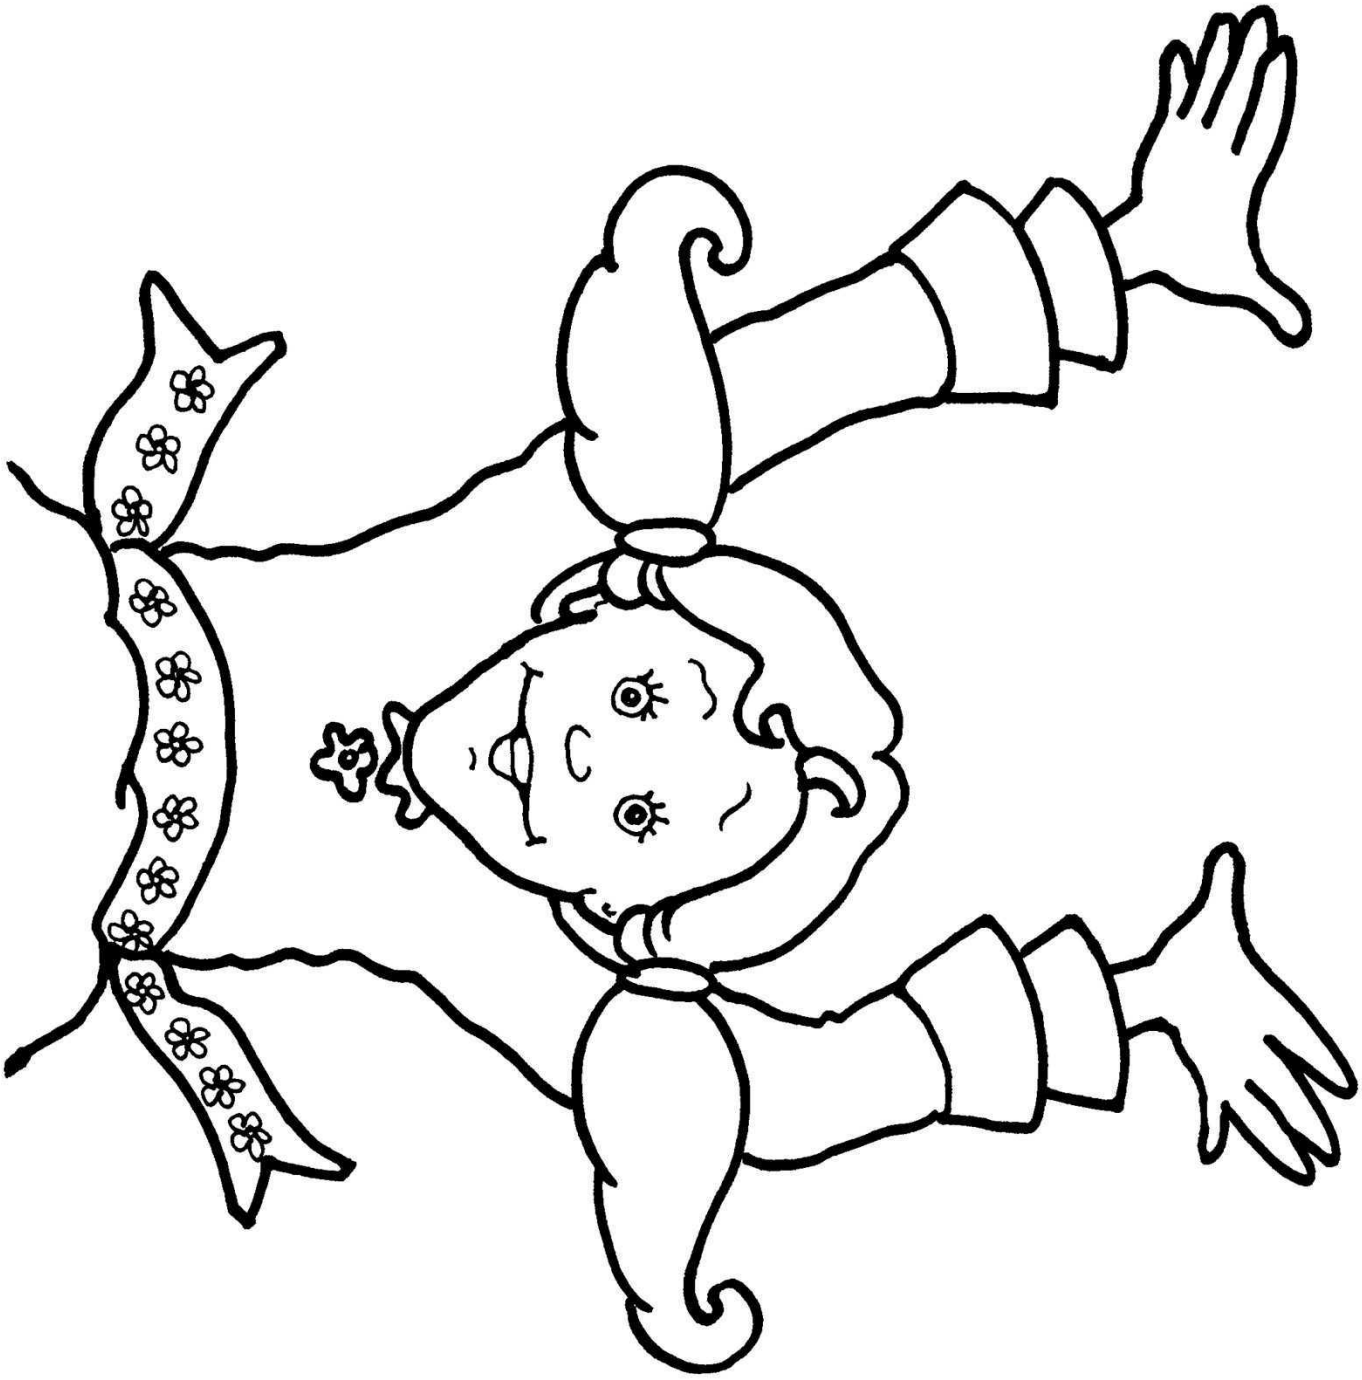
4. Laminate story objects. You may cut pieces before or after laminating.

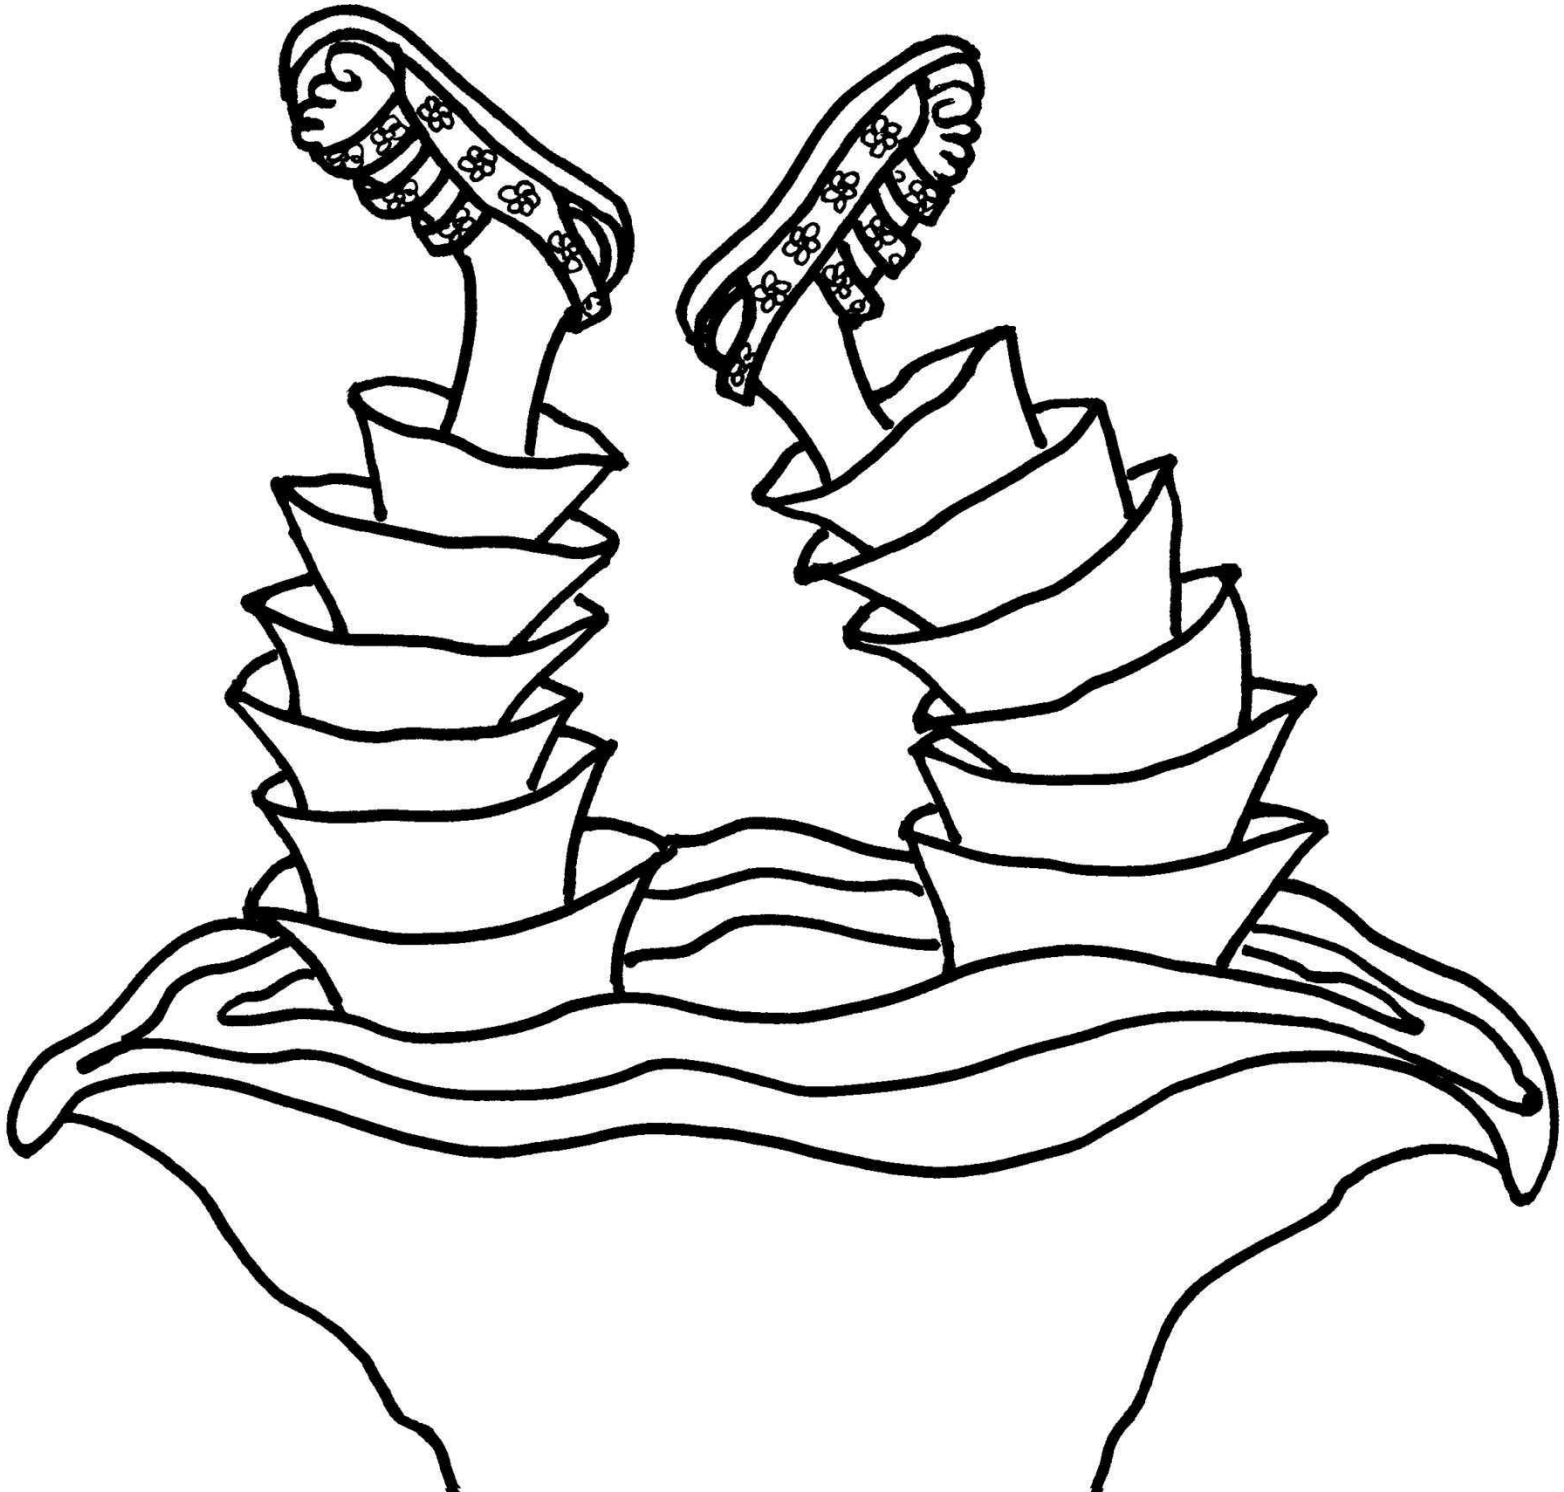
5. Attach Velcro dots or pieces to back of each object.

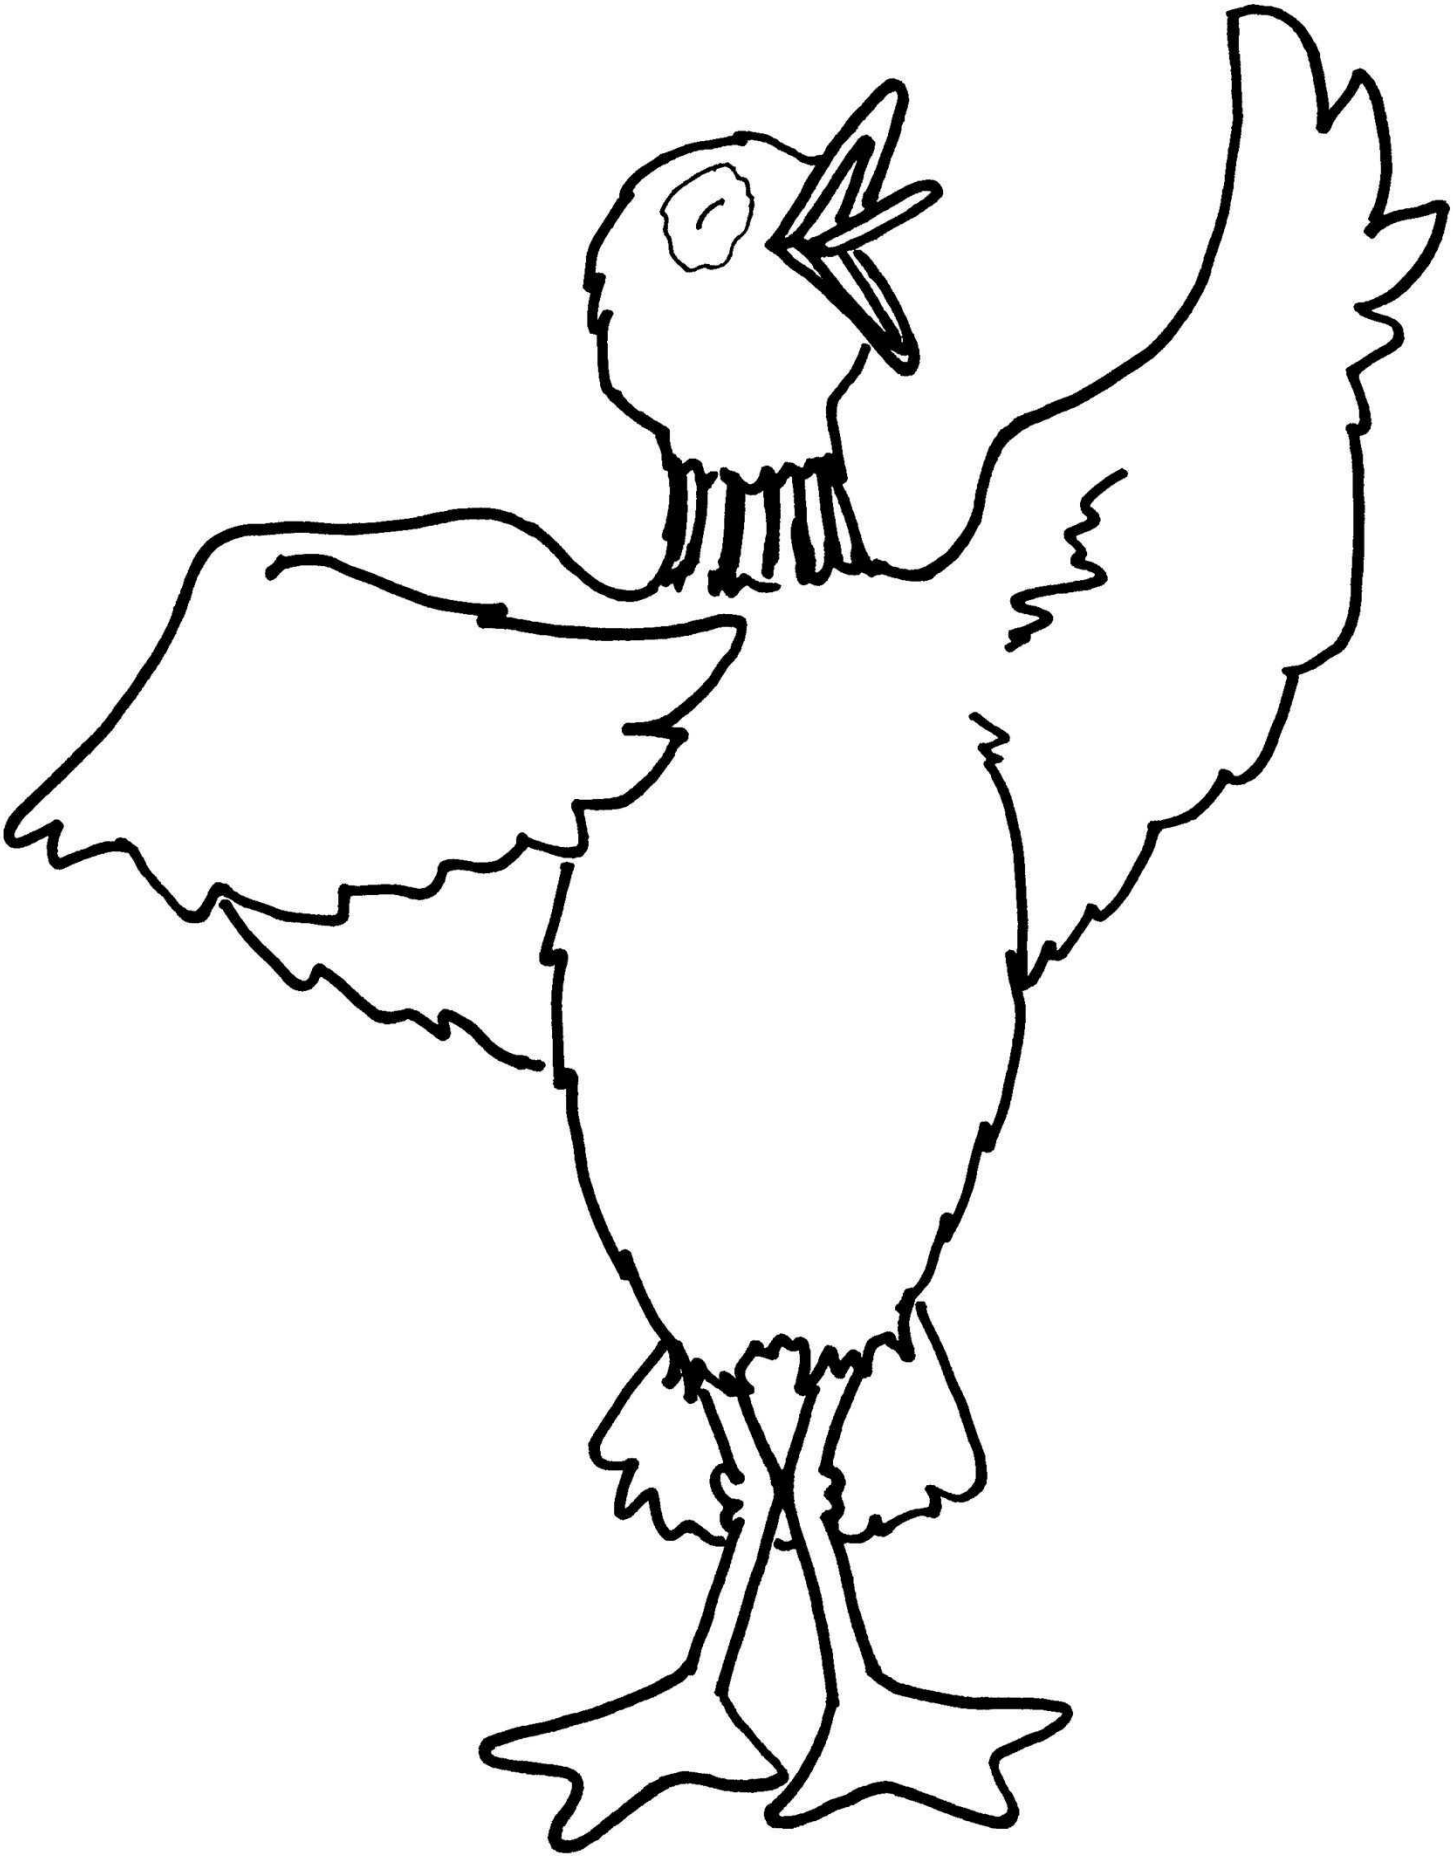
Tip: Make an outline story card to use when telling the story.

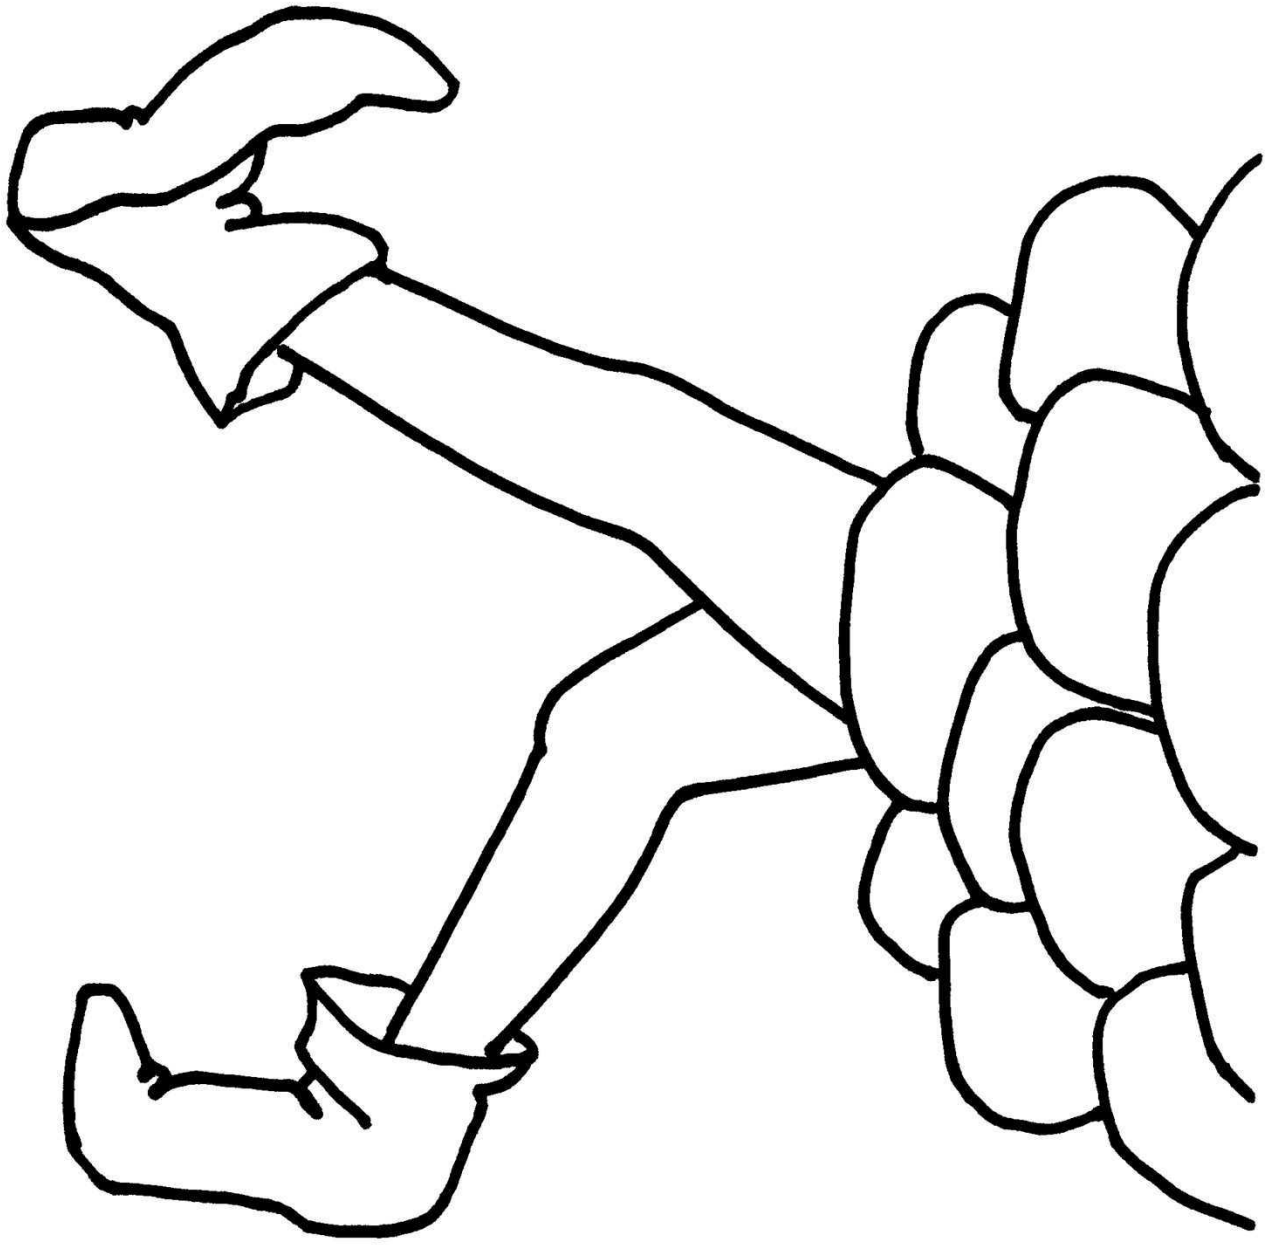
Remember patterns are not to be used for children's art projects!

Patterns may be used for teacher made puppets which children can use for story retelling. Patterns may be enlarged if preferred.

Suggested Activities:








1. Have upside down art display...with children's permission hand their self-portraits upside down.
2. Encourage children to walk, dance, leapfrog, sing and sleep like the characters in the story.
3. Let children take turns moving in a silly way as they transition from one activity to another.
4. With gym mats on the floor, Teacher/Caregiver can carefully lift a child's feet into the air as they "walk" upside down on their hands.
